

Seventh-day Adventist® Church

MOBO
Mobo, Masbate

March 22, 2026

PASTOR BERDANDINO C. MANIEGO

President
Central Visayan Conference

A Christian greeting.

We humbly extend this letter to your good office to seek assistance for our church in Mobo, Masbate, which was completely devastated by Typhoon Opong last year. The calamity left our place of worship in ruins, greatly affecting our congregation and our regular spiritual gatherings.

On behalf of the brethren of the Mobo Church, we respectfully appeal for your support in rebuilding our church. While we have already processed an insurance claim, we have yet to receive any updates or assistance regarding it.

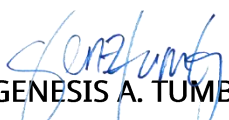

We are grateful to share that a parcel of land has been generously donated for the construction of our new church building. However, the area still requires leveling and preparation before construction can begin.

At present, our congregation continues to gather through home division, and we hold worship services at the residence of Elder Tumbaga. Despite these challenges, our faith remains strong, and we are determined to rebuild a place where our community can once again worship together.

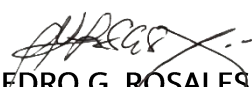

In this regard, we humbly ask for any form of assistance—whether in cash or in kind—to help us begin the rebuilding process. Any amount or support you can extend will be deeply appreciated and will go a long way in restoring our church.

Thank you for your generosity and kind consideration. May you be abundantly blessed for your support.

Respectfully yours,

BRO. GENESIS A. TUMBAGA
Member, MOBO SDA CHURCH
